This Mini Atlas collects information about Manahan so everyone can see and understand what is going on. Information

MANAHAN FAMILIES PROFILE

Population = 13,295
Households (HH) = 2,788
Average HH size = 4.75

about the condition of services can help people discuss what they want from the annual participatory budgeting process, *musrenbang*. Our goal is to make citizens more informed about their communities.

ASSETS

What are Kelurahan assets?

- ✓ Public spaces and facilities
- ✓ Center for education
- ✓ Good PUSKESMAS facility

What are potential issues?

- ✓ Pollution and odor related to the bird market
- ✓ Poor drainage on eastern edge
- ✓ Vulnerable community with low land tenure along train tracks

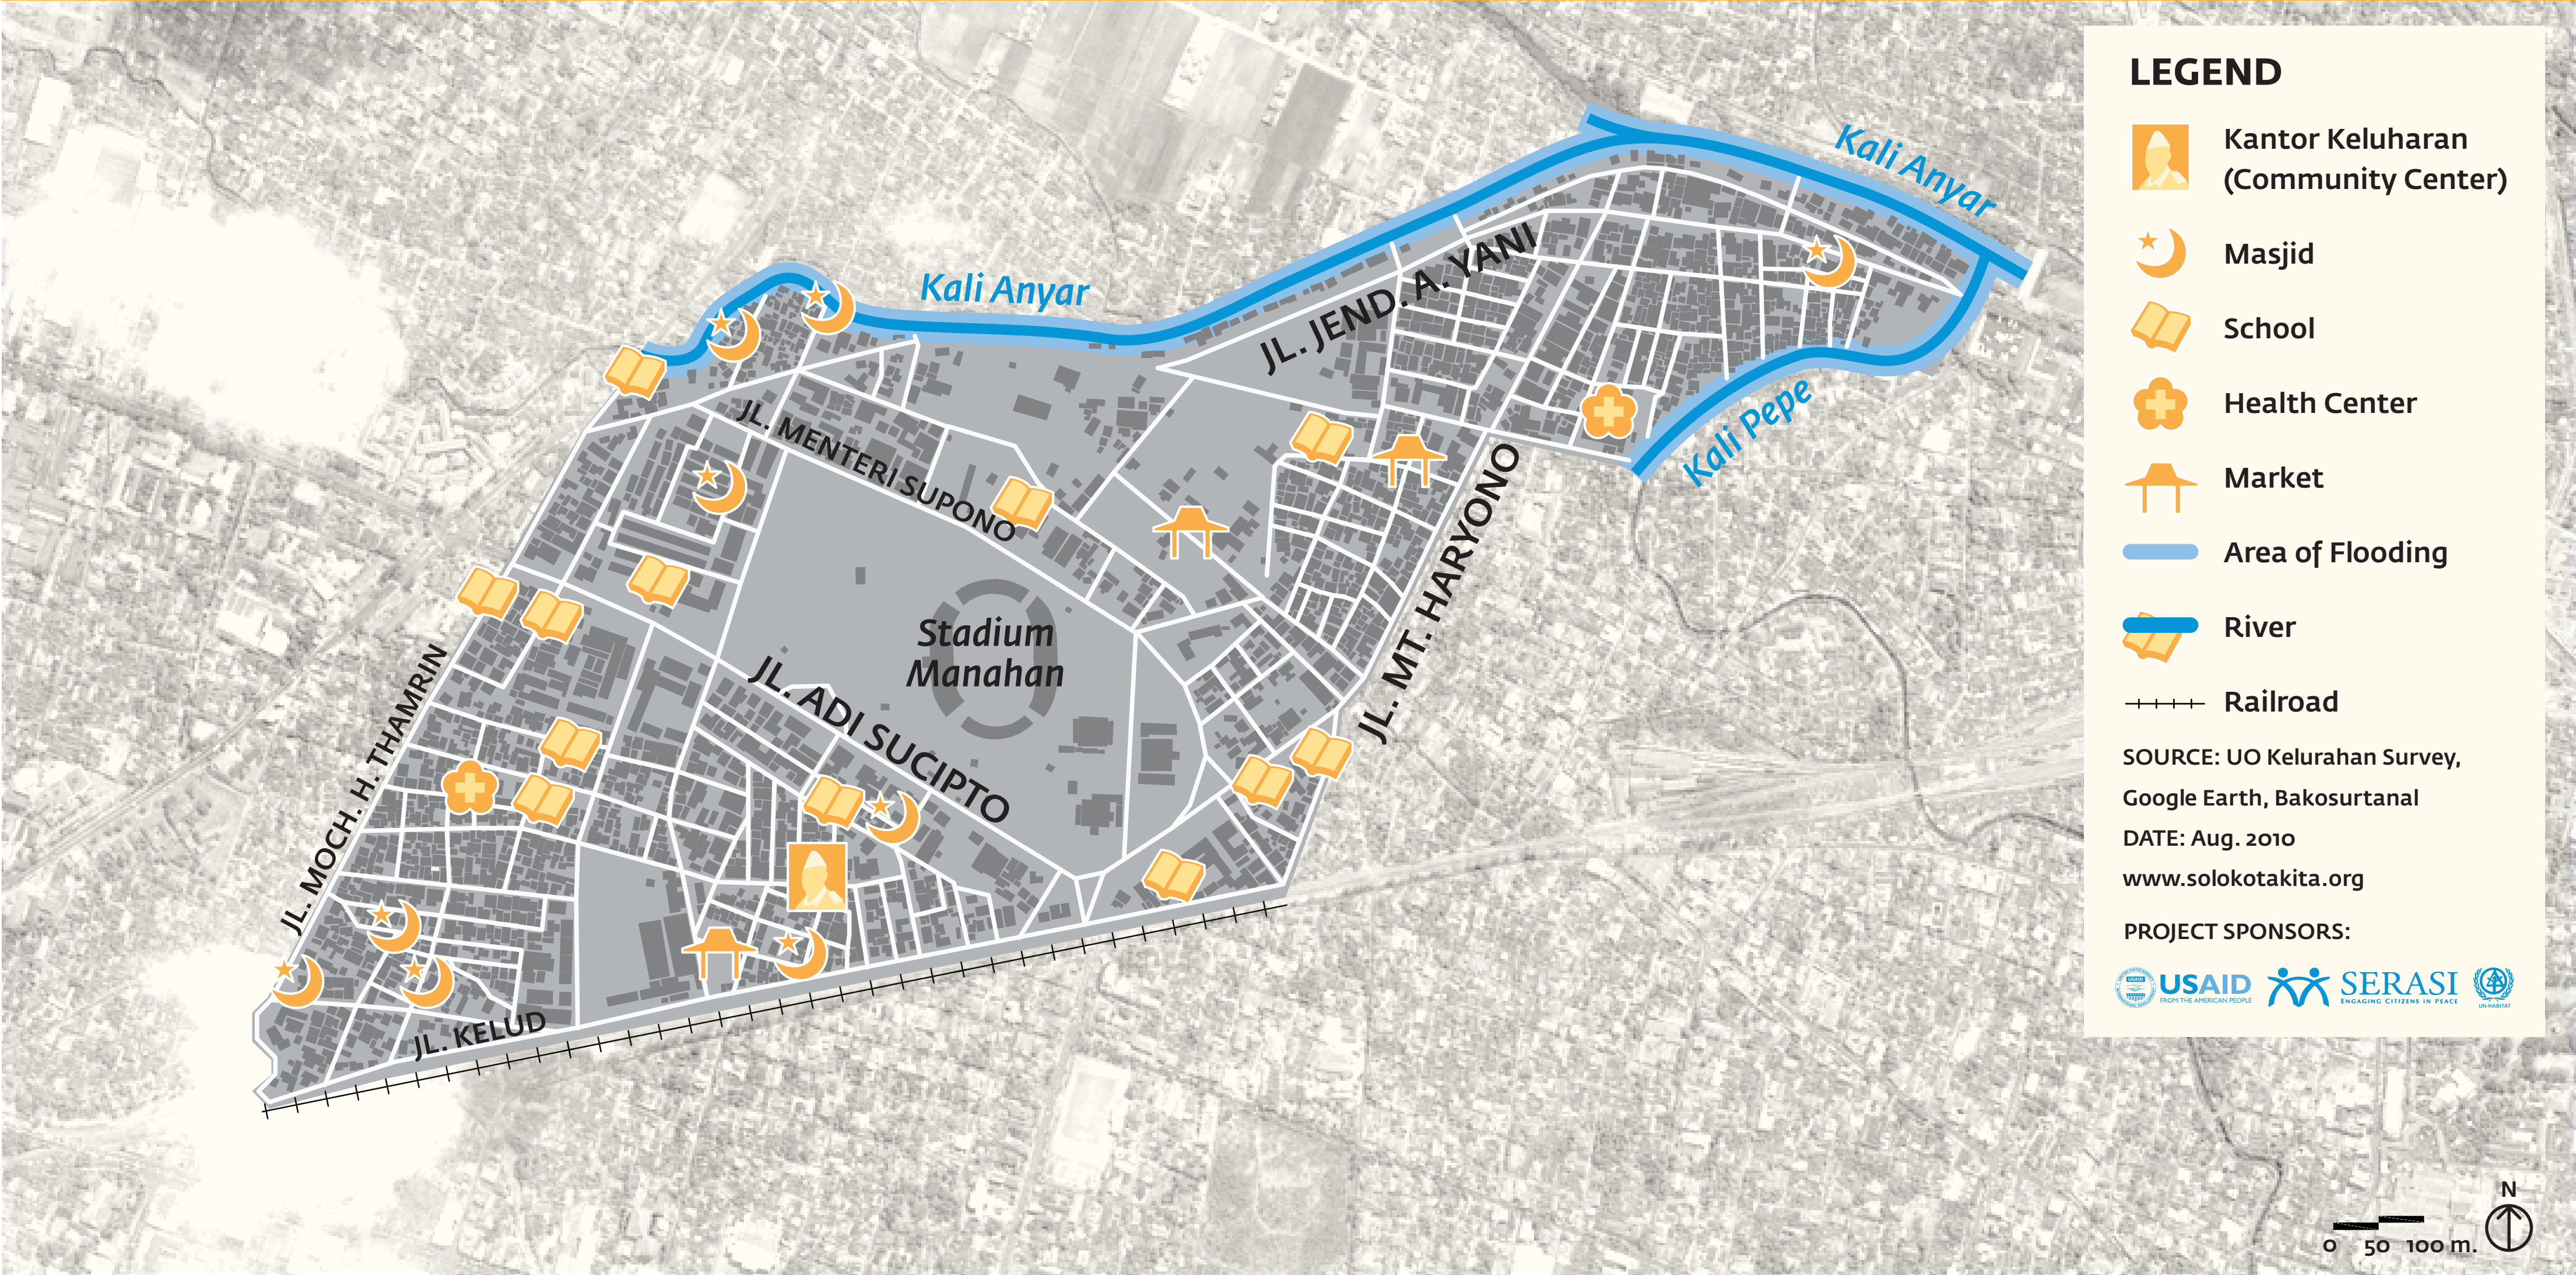

Renovated Sheltered Space for PKL

Because it is centrally located, Manahan is well taken care of. The city government has renovated public facilities and improved spaces for community and economic activities.

MANAHAN NEIGHBORHOOD MAP

EDUCATION

Manahan is known as a center for education in Solo, with institutions ranging from elementary to high schools. These institutions attract students from outside the city. Absenteeism is low at 3% compared to the Kec. average of 5%.

OUT OF SCHOOL 3% of children

% AGE 7 - 18 NOT IN SCHOOL

HOUSING

Land tenure is almost the same as the Kecamatan average of 82%. This is an asset since high land tenure creates stability in the Kelurahan. Tenure is lower near the markets and the railroad tracks.

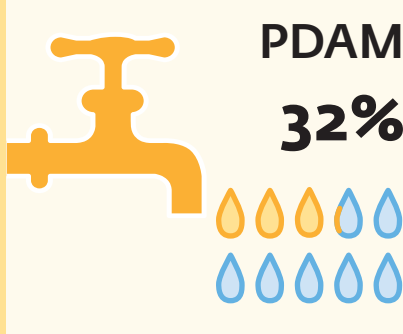

LAND TITLES = 81%
